

One of the world's most celebrated steakhouses, Peter Luger in Williamsburg has been serving the finest USDA Prime Beef for over 125 years. Our thick cut bacon, which started as a staff-only meal, was added to the menu after years of regulars ordering it to be served with their tomato and onion salad, on top of their Peter Luger Hamburger or, as is often the case, as a standalone dish. We're delighted to take this world famous dish from our kitchen to yours. Enjoy with Peter Luger Old Fashioned Steak House Sauce for breakfast, lunch or dinner.
